

Adega Guimarães

Red 2020

Vinhão, Padeiro

With a dark violet color, scents of plums and wild blackberries are the main of this native grape variety. The intense fruity aromas and the sharp crispy taste are truly exciting and appealing.

Winemaking

The grapes that give rise to this wine come from vineyards that are selected in accordance with their granitic soil and sun exposure.

The harvested is done by hand and a gentle crush initiates a journey of transformation. A fermentation with yeasts strains selected to enhance all the varietal flavors of the grapes, give rise to this typical Vinho Verde.

Growing conditions

The Atlantic influence that causes a mild climate, provides for the existence of green valleys and gentle maturations, resulting in naturally aromatic, light and refreshing wines.
